Sponsorship Letter:

To whom it may concern.

Spes Nova Special Needs Education Tutor Centre's vision is to equip neurodiverse students from diverse background, cultures and ethnicity to be able to function in society and have a full and successful life.

We, as a Tutor Centre, realize that, from a business standpoint, no resource is as important as the human resource. In an effort to ensure our learners have every academic advantage necessary to excel as productive members of the community and, perhaps most importantly, society at large, we are reaching out to business leaders in hopes that they will join us in Spes Nova's donation program for various resources needed for our learners.

An unknown author once said:

Some see the disabilities, but special education sees the possibilities.

Unfortunately, in these dire economic times, the ability of special needs Tutor Centers such as ours to get the tools necessary to assist our learners are very costly but also very essential for their development in every aspect of life. That is why we are asking for your help in donating any of the below items or to make a cash contribution that will be utilized for the various needs at our Tutor Centre. Any contribution will enable our learners to gain lifelong skills.

If you wish, please take a moment to indicate that you will help sponsor this much needed items. You are also welcome to contact me if you have any further questions. Please return the enclosed response form.

Let me thank you in advance for your time and support. I look forward to speaking with you soon.

Sincerely,

Founder & Owner of Spes Nova Special Needs Education (PTY) Ltd.
